

Ekahau Secures \$16 Million in Additional Funding

Wi-Fi RTLS and Software Tools Maker Attracts New Funding for Worldwide Expansion from a Syndicate of International Investors.

Saratoga, CA – October 31, 2006 – Ekahau Inc., today announced that it has attracted a total of \$16 million in financing in 2006, including \$12 million in Series B equity funding and \$4 million of venture loans and government funding. New investors include several large international investors, with founding investor Nexit Ventures participating. This funding will allow the company to continue its aggressive growth and international expansion in the Wi-Fi RTLS (Real Time Location System) and Wi-Fi tools markets. Ekahau provides wireless enterprise solutions across multiple industry segments to improve enterprise asset utilization, process workflows and employee safety and security.

Ekahau will use the infusion of capital to fund its growth and international expansion, R&D, sales and marketing efforts. The company will invest significantly in building out its sales and marketing, engineering and support organization, and continuing its RTLS innovation. With several new products in the pipeline for 2006 and 2007, the company is extremely well positioned to continue its market and technology leadership.

“This new investment in Ekahau is a validation of our business to date, as well as of our vision of driving the Wi-Fi market beyond its traditional use of voice and data,” said Antti Korhonen, president and CEO of Ekahau. “Our company has developed a strong reputation and good brand recognition in several industrial segments, including manufacturing and health care. With this new funding, we are now moving to the next phase of our aggressive plan to deliver more innovative RTLS and wireless solutions worldwide.”

Ekahau investors include: Nexit Ventures, 3M Company, Finnish Industry Investment Ltd., Sampo Group, the Finnish Funding Agency for Technology and Innovation TEKES and a group of individual investors.

“We are encouraged by the growing momentum of the Wi-Fi RTLS market and Ekahau is a technology leader delivering innovative solutions that work,” said Lem Amen, vice president of Track and Trace Solutions at 3M in St. Paul, Minn. (USA).

About Ekahau Inc.
